Dear Sir or Madam

Newark and Sherwood Allocations & Development Management DPD

The Secretary of State for Communities and Local Government has announced that the Order revoking the East Midlands Regional Strategy in its entirety will come into effect on 12 April 2013.

The Inspector's initial consideration is that because there is an up to date Core Strategy, the revocation of the Regional Strategy would not affect the soundness of the Allocations and Development Management Policies Development Plan Document.

Any representations about this matter in relation to soundness should be sent to the Council by 10 April 2013.

Yours faithfully

Original Letter Signed

Louise Cooper
Programme Officer
