Matters Arising from the Minutes:

1. **Kneesall Knatter** – An editorial meeting to be arranged in January with Richard Lawrence, Councillors Kirk, Fidler & Lissaman
2. **Dog Mess Bin** – An offer has been made to provide a further Dog Mess bin (without cost including emptying) by an anonymous member of the public. It will sited at the entrance to Laxton Lane
3. **Caldecott Foundation** – Well on the way to be ready for its first “residents”, possibly January. It is understood that a staff member may already be residence.
4. **Village Triangle** – A tender had been received from NSDC for £600 + VAT (10 cuts). Seems high. Contact to be made to seek a lower quote. Councillors also asked that Sam White and Steve Bates be asked to quote. The Clerk was asked to contact Jade Wilson who had tendered previously to provide another quote.

INEOS Shale/Fracking – Summary of discussions at meetings held in Worksop & Shirebrook. Councillor Davies had attended the Shirebrook meeting.

NCC Broadband Engagement Officer – New appointee & updating on the “roll out” of broadband coverage. Apparently this area will have fibre broadband or “speed uplift” by March 2018!

Planning Applications – Old Village Hall – Is in the process of being refurbished to allow a pre-school group to operate which will also include a Breakfast Club, pre and after school club that will also entail “pick-ups” and “drop offs” at schools within the area. Whilst councillors were in favour of the renovation of both the building and the site they did have some reservations concerning access to the site, parking and traffic speed on the A616 through the Village.
