

	Rainbow that Edingley would be consulted in the event of a planning application being submitted. A member of the public raised concerns about speeding traffic through the village. The parish council explained that at the previous meeting Cllr Laughton indicated the Edingley – Farnsfield road is due to be resurfaced, and as part of this the Parish Council have requested gateway markings be incorporated. There are also proposals to reduce the speed limit on this stretch from 60 – 50. A speed watch group was set up previously, but due to time constraints hasn't been active for a while. It was proposed that efforts be made to resurrect this.	Clerk / Chair																														
4.	Chair's Report. The Chair's report involves multiple items on the agenda and will be discussed in during those items.																															
5.	Clerk's Report and Correspondence The clerk presented the finance report, which he had circulated to councillors prior to the meeting. 	Croft Garden Maintenance (Action Day) - £384.96 Robert Clay (Postage) - £7.20 Total (cash) - £1173.27 Total (uncashed) - £7.20 Total - £1180.47 Bills to Pay Robert Clay (Postage) - £7.20 OSR Rent (2025/26) - £195.00 Water Plus - £43.40 The Parish Council approved the above bills, and the clerk arranged cheques to be signed. Emergency repairs are taking place to a manhole cover on the access drive to the Old Schoolroom. Due to the shared access, it was agreed that the cost of this would be split as follows 40% Parish Council, 30% Lambs Charity and 30% the Old Schoolroom. b) Correspondence Some items of correspondence had been covered during the public section of the meeting. A member of the public had emailed the clerk asking what Edingley Parish Council's response would be if proposals were made to house asylum seekers in the village, as is currently proposed for the village of Piddington. The Piddington situation is a special circumstance involving an ex-MOD base, and as Edingley has no such facilities, the Parish Council consider it unlikely that any such proposals will be made. As there are no current proposals for Edingley, there is nothing to comment on.	
6.	Flood Committee No updates.	
7.	Children's Play Area The clerk had circulated the two monthly play area inspections ahead of the meeting. The member of the public who performs these, praised the council for keeping on top of issues as they arise. Chair to confirm with Ben Ian that he had addressed the issues relating to the basket swing.	Clerk
6.	Flood Committee. Nothing to report	
7.	Children's Play Area Maintenance	

	The clerk shared the monthly maintenance reports. The bin situation has now been resolved with the unlocked bin now positioned near the play area. The lockable bin should be moved to the back of the schoolroom out of the way to prevent confusion.	
8.	Litter Picking. Chris Fryatt proposed requesting volunteers to take on specific areas of the village. He volunteered to do from the allotments up to the boundary with Farnsfield. Members of the public present at the meeting expressed an interest in doing Station Road and Greaves Lane.	
9.	Speeding and Highways Issues. The chair and the clerk have both emailed highways with three issues, hedges on Greaves Lane, resurfacing of the Farnsfield – Edingley road and a dip in the humpback bridge. There has been no response, but residents confirm the humpback bridge issue has been resolved. The Chair and the Clerk will raise these issues again and invite Bruce to attend the next meeting to talk specifically about Highways.	Chair / Clerk
10.	Carvers Hollow / Greaves Lane Drainage. Discussed during public section	
11.	Community Spaces. Following the July meeting, a group of Parish Councillors met on Lamb's field to discuss proposals to mow and level a 50 m circular section of the field to create a space for the community to enjoy. Lamb's Charity, represented by Lawrence Kelsey at the meeting, have agreed to these proposals. To better appreciate the space, it was proposed that an initial mowing of the area should be carried out at a cost of £200. This would define an area and form the basis of public consultations to go ahead with the levelling of the space, which will be a greater cost. The council voted unanimously to approve this. Nearby residents must be informed ahead of the mowing.	Chair
12.	Churchyard. Chris Clay declared an interest in this item and did not contribute to the discussion. He also abstained from voting. The treasurer of St. Giles PCC had previously written to the Clerk to request the Parish Council contribute to the cost of maintaining the churchyard. The proposed contribution was 50% (£750) This was discussed, with Chris Fryatt commenting that although he was against supporting the Church, due to the Church as a body having considerable wealth, he also appreciates the churchyard as an amenity in	

	the village and would not like to see it neglected and would vote in favour as a result. Tony Michon also commented that the grassy areas in front of the church wall are often untidy and proposed that this also be included in the maintenance. On this basis a vote was held with 4 in favour and 1 abstention.	
13.	Parish Website Prior to the meeting the Clerk had provided Tony Michon access to the Website editing tool. Tony Michon reported the site needs significant updating, but the editing tool was not easy to use. He offered to have a new website built using a WordPress installation and proposed that the core stakeholders be given logins to update their sections. Stakeholders would be: Edingley Parish Council, St Giles Church. Edingley Old Schoolroom, Lamb's Charity. The clerk will request volunteers from these organisations. A member of the public indicated that controls would need to be in place to ensure the correct permissions were obtained prior to uploading any photographs of children. The council decided this should be an informational website, so there shouldn't be such photographs uploaded.	Clerk
14.	Allotments Report The clerk read out Mel's allotment report. The tenants are planning to hold a bonfire on 6th November. Following the previous the parish council contacted a tree surgeon to assess the Bramley, which is 120 years old. The tree surgeon has come back with a list of short- and long-term recommendations. The parish council proposed to request a quote for the short-term considerations. The clerk will request this.	Clerk
15.	Councillors Reports. None.	Clerk
16.	Discussion of Planning Application 26/00932/HOUSE Proposed extension to dwelling at Stable Building Newhall Lane Edingley. The parish council discussed the application and voted to support it unanimously.	
17.	Results of Planning. There were no results of planning.
